**Monday 10<sup>th</sup> June-**  
Queens Birthday holiday

**Tuesday 11<sup>th</sup> June –**  
Curriculum day

**Friday 28<sup>th</sup> June-**  
End of Term 2.30 dismissal

### STUDENT BIRTHDAYS

June – Jake

### Curriculum Day

On Tuesday staff will be undertaking our annual CPR and Anaphylaxis training as well as completing a Professional Learning Program "Preventing and responding to extreme behaviour".

This Professional Learning Program has been developed in conjunction with Monash University, PASS (Principal's Association of Specialist Schools) and DEECD, specifically for staff who work in Specialist settings. It is the first in a series that will focus on developing School Wide Positive Behaviour Support enabling all staff to have a common understanding of what Positive Behaviour Support is and to further develop their skills in this area.

### Shadow Minister for Education Visit

James Merlino the State Government Shadow Minister for Education visited the school on Tuesday. He met with myself, Val Beckett (School Council President), Chris Watts (School Councillor) and Isobel Flannery-Serle. We toured the school and discussed the current and future needs of the school as well as viewing our plans for the new school. Mr Merlino was impressed with the educational programs our students are undertaking and was supportive of our need for the new school facilities.

## ENDS SUNDAY

Just a reminder to everyone that this Sunday is the last day for collecting stickers for Earn and Learn. The School community support for this project has once again been terrific.
