NEWS article

The Mornington News (edition published on Tuesday 22 November 2022) has, on page 5, a lovely article about our students participating in an African drumming session. The African Drumming was free for all students. A photo of some of the students participating accompanies the article. Thanks to the drummer, Boubacar Gaye for leading such an exciting and fun incursion. We hope to repeat the African Drumming session next year, with Boubacar.

Kind regards

David.
