

Wednesday, May 25, 2022

Dear Parents, Carers and Guardians,

I am writing to let you know about changes to the provision of Rapid Antigen Tests (RATs) in our school for the remainder of Term 2.

RATs will continue to be distributed to you as they have been throughout this school year for the remainder of this term.

However, from Monday 23 May 2022, students will no longer be recommended to undertake either twice weekly RATs in mainstream schools or 5 days a week in specialist schools.

RATs however will continue to be required by students who are household contacts to attend school (5 negative tests over a 7 day period) or who have symptoms.

The ongoing supply of RATs to families in our school will ensure that parents and carers will have them should they need them if their child is a household contact or has symptoms.

Families must continue to notify the Department of Health and the school if their child returns a positive RAT result. Additionally, you should inform us if any of your children are household contacts.

Thank you also to all families who has got their child vaccinated. Vaccination continues to remain the best way to protect students and staff in our school.

Getting vaccinated is easy and bookings can be done via the . If you have any questions about the vaccines, I encourage you to speak to your GP or a health practitioner.

Thank you again for your ongoing cooperation and support during this time.

David

Principal
