

Dear parents and carers,

Important feedback on the rapid antigen testing (RAT) program is being sought from our school community through a short survey that has been developed by the Department of Health.

RATs are helping students and staff to safely return to school and ensure positive cases are identified as quickly as possible. All RATs ordered by the Victorian government for schools are effective in detecting coronavirus (COVID-19) variants, including Omicron.

To help evaluate and improve the roll-out of the program to schools and ensure that staff and students have the required support, a short survey is being sent to parents at a sample of Victorian schools.

Our school has been selected to complete the survey from Wednesday 16 February 2022. The survey is voluntary and anonymous. Our school will have no access to your individual data or responses. The link to the survey is here:

- [Rapid Antigen Testing in Schools Survey - Parent Survey](#)

You are asked to complete the survey by 5.00pm Sunday 20 February 2022.

Kind regards,

David
